CAREER OBJECTIVE

Java Full Stack Developer with hands-on experience building 2+ full-stack applications using Spring Boot, React, and PostgreSQL — including REST API design, database modeling, and responsive UI development. Solved 130+ DSA problems on LeetCode. Final-year Computer Science Engineering student seeking an entry-level Java Developer role to bring strong problem-solving and full-stack skills to a dynamic team.

TECHNICAL SKILLS

- Languages: Java, JavaScript, SQL
- Backend: Spring Boot, Spring Security, REST APIs, JPA / Hibernate
- Frontend: React, HTML, CSS, JavaScript
- Database: PostgreSQL, MySQL
- Tools & Platforms: Git, GitHub, Postman, IntelliJ IDEA, Maven
- Core Concepts: OOP, Data Structures & Algorithms (Arrays, Strings, HashMap, Stack, Queue), Collections Framework

PROJECTS

Hospital Appointment Management System

Personal Project

Tech Stack: Java, Spring Boot, React, PostgreSQL, REST APIs, Maven

- Built a full-stack application for managing patients, doctors, and appointment bookings.
- Designed and implemented CRUD REST APIs using Spring Boot to handle core backend business logic.
- Modeled and integrated a PostgreSQL database to persist patient, appointment, and staff records.
- Developed a responsive React frontend for patient management and appointment workflows.
- Tested all API endpoints using Postman to verify functionality and edge cases before integration.

E-Commerce Web Application

Personal Project

Tech Stack: Java, Spring Boot, React, PostgreSQL

- Developed a full-stack e-commerce application supporting product browsing, cart management, and order placement.
- Implemented backend REST APIs with Spring Boot for product, cart, and order management.
- Built React components for a responsive and user-friendly shopping experience.
- Designed the PostgreSQL schema to store product, cart, and order data.

CODING PROFILES & PRACTICE

- Solved 130+ problems on LeetCode focused on Arrays, Strings, HashMap, Stack, and Queue.
- Built a strong foundation in problem-solving and core data structures through consistent practice.
- Profile: leetcode.com/u/cfJ4qQ138F

EDUCATION

B.E. - Computer Science & Engineering

2023 - 2027

Anjalai Ammal Mahalingam Engineering College (Pursuing, 4th Year - 7th Semester)

Higher Secondary Education

V S Boys Higher Secondary School, Thiruvaur

ACHIEVEMENTS & ACTIVITIES

- Secured first place in Debugging and Coding competitions at a technical symposium; awarded prize money and certificates.
- Participated in NCC during school, building discipline, teamwork, and leadership skills.
- Completed Typewriting examinations: Junior (First Class) and Senior (Distinction with First Class).

STRENGTHS

Quick Learner | Strong Problem-Solving Ability | Team Player | Eager to Learn New Technologies
